Omar Abusahmod

SOFTWARE DEVELOPER

I am programing student work at a lot of fields like web developing and I have team we work in it , and I am interested about problems solving in programing by C and deferent programing languages .

EXPERIENCE

SPEAKING MORE THAN ONE LANGUAGE
Sep 2021–

I studied a whole year of the Hungarian language at the KKM Institute in Budapest. And I studied a full year at the university in the Hungarian language and got a grade of excellence. I speak English and I have a diploma from AMIDEAST in addition to the IELTS test.

WEB DEVELOPER
2020–

Create a team of university students (friends) and learn the design and management of software sites. We implement various projects and store them until it is time to officially announce the team.

PROBLEM SOLVER
2020 –

Solving problems and software nodes using data Structure flexibly using C and others
